EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to governmental administration; revising provisions relating to when a subcommittee or working group of a public body is subject to the Open Meeting Law; setting forth certain requirements for meetings of public bodies that use remote technology systems; revising the notice requirements for a meeting of a public body; revising provisions relating to the privilege of certain persons to publish defamatory matter at a public meeting; revising requirements for notice of intent to act upon a regulation; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Under existing law, a subcommittee or working group of at least two persons who are appointed by certain public bodies is subject to the requirements of the Open Meeting Law if: (1) a majority of the membership of the subcommittee or working group are members or staff of the public body that appointed the subcommittee or working group; or (2) the subcommittee or working group is authorized to make a recommendation to the public body to take any action. (NRS 241.015) **Section 1** of this bill provides, instead, that a subcommittee or working group is subject to the requirements of the Open Meeting Law if: (1) a majority of the membership of the subcommittee or working group are members of the public body or staff; and (2) at least two members of the subcommittee or working group are members of the public body.

The Open Meeting Law authorizes a public body to conduct a meeting by means of teleconference or videoconference. (NRS 241.023) **Section 3** of this bill authorizes, under certain circumstances, a public body to conduct a meeting using a remote technology system. **Section 1** defines “remote technology system” as a system or other means of communication which uses electronic, digital or other similar technology to enable a person from a remote location to attend, participate, vote or take any other action in a meeting even though the person is not physically present at the meeting. **Section 2** of this bill requires the notice of a public meeting that uses a remote technology system to include information about how a member of the public may hear, observe, participate in and provide public comment at the meeting through the remote technology system.

The Open Meeting Law sets forth the minimum public notice requirements of a meeting, which include posting a copy of the notice at the principal office of the public body or, if there is no principal office, at the building in which the meeting is to be held, and at not less than three other separate, prominent places within the jurisdiction of the public body not later than

9 a.m. of the third working day before the meeting. (NRS 241.020) **Section 2** of this bill requires, instead, that the public body post a copy of the notice at the principal office of the public body.

~~[[The Open Meeting Law prohibits a public body from considering whether to take administrative action against a person unless the public body has given written notice to that person of the time and place of the meeting. (NRS 241.034) Section 4 of this bill defines "administrative action" to mean a decision by the public body that is uniquely personal to the person and may result in a negative change in circumstances for the person.] Additionally, sections 2 and 3 require that if a public body holds a meeting using a remote technology system and does not have a physical location for the meeting, the public body is required to have an Internet website and post on its Internet website the notice of the meeting and any supporting material for the material.~~

The Open Meeting Law provides that a witness who is testifying before a public body is absolutely privileged to publish defamatory matter as part of a public hearing. (NRS 241.0353) **Section 5** of this bill provides, instead, that, subject to a qualified privilege, a witness who is testifying before a public body may publish defamatory matter as part of a public hearing.

Existing law requires certain agencies of the Executive Department of the State Government, at the time of giving notice of intent to act upon a regulation, under certain circumstances, to deposit one copy of the notice and text of the proposed regulation with the librarian of the main public library in the county. (NRS 233B.0607) **Section 6** of this bill requires, instead, that the agency post a copy of the notice and text on the Internet website of the agency. **Section 6** also requires that the agency provide in print or an electronic format a copy of the notice and text to any person who requests a copy from the agency.

Public officers and employees responsible for these meetings shall make reasonable efforts to assist and accommodate persons with physical disabilities desiring to attend.

2. If any portion of a meeting is open to the public, the public officers and employees responsible for the meeting must make reasonable efforts to ensure the facilities for the meeting are large enough to accommodate the anticipated number of attendees. No violation of this chapter occurs if a member of the public is not permitted to attend a public meeting because the facilities for the meeting have reached maximum capacity if reasonable efforts were taken to accommodate the anticipated number of attendees.
