Legislative Counsel's Digest:

Section 2 of this bill makes a legislative declaration that the purpose of the provisions regulating the practice of ophthalmic dispensing are to protect the public safety and welfare by ensuring: (1) only competent and scrupulous people practice ophthalmic dispensing in this State; and (2) persons who practice ophthalmic dispensing in this State maintain an appropriate standard of professional conduct.

Existing law creates the Board of Dispensing Opticians to regulate the practice of ophthalmic dispensing and requires the Governor to appoint members to the Board. (NRS 637.030) **Section 14** of this bill: (1) requires the Governor to appoint a replacement member if a vacancy occurs during a member's term; and (2) removes certain requirements relating to the removal of a member for cause. **Sections 15 and 18** of this bill reorganize provisions governing the employment of personnel by the Board, and **section 15** authorizes the Board to employ an Executive Director. **Section 4** of this bill provides that the Board and any of its members ~~[, staff and employees]~~ are immune from civil liability for any act performed in good faith and without malicious intent or gross negligence in the execution of any duty of the

Board. **Section 16** of this bill: (1) specifically requires the Board to comply with the Open Meeting Law; (2) prescribes requirements for determining whether a quorum is present at a meeting of the Board; and (3) removes provisions designating a principal office of the Board. **Sections 16 and 28** of this bill reorganize certain provisions relating to the election of officers. **Sections 17 and 24** of this bill expand the purposes for which the Board is authorized to accept gifts, grants, donations and contributions. **Section 18**: (1) requires the Board to perform certain duties relating to the issuance, renewal, reinstatement, revocation and suspension of licenses; and (2) removes a requirement that the Board adopt a seal. **Sections 18 and 28** also reorganize provisions requiring the Board to adopt certain regulations. **Section 19** of this bill removes certain redundant requirements relating to documents which are subject to the Nevada Public Records Act.

Existing law authorizes the Board to issue a license as a dispensing optician, a special license as a dispensing optician, a limited license as a dispensing optician and a license as an apprentice dispensing optician. (NRS 637.120-637.123, 637.127) **Section 3** of this bill defines "license as a dispensing optician" for purposes of the chapter to mean a license issued to a dispensing optician who does not hold a limited license. **Section 11** of this bill makes a conforming change to indicate the proper placement of **section 3** in the Nevada Revised Statutes. **Section 12** of this bill revises the definition of "dispensing optician" to clarify that the term includes a person who holds a license as a dispensing optician or a limited license as a dispensing optician. **Section 13** of this bill revises the definition of "ophthalmic dispensing" to clarify that a licensee is not required to physically deliver a product to the intended wearer.

Section 5 of this bill requires an applicant for a license to: (1) submit an application on a form furnished by the Board; and (2) provide evidence that he or she possesses the qualifications required for the type of license for which he or she is applying. **Section 8** of this bill requires the Board to adopt regulations relating to: (1) the issuance, renewal and reinstatement of a license; (2) the placement of a license on inactive status; (3) the reactivation of a license placed on inactive status; and (4) the program of apprenticeship for apprentice dispensing opticians.

Existing law authorizes an apprentice dispensing optician to perform the services of a dispensing optician under the direct supervision of a dispensing optician, licensed ophthalmologist or licensed optometrist. (NRS 637.125) **Section 7** of this bill prescribes criteria for eligibility for a license as an apprentice dispensing optician. **Sections 7 and 22** of this bill reorganize certain provisions relating to the practice of ophthalmic dispensing by a licensed apprentice dispensing optician.

Existing law provides that, in order to be eligible to hold a limited license as a dispensing optician, a person must have held such a license on February 1, 2004. Existing law: (1) authorizes the holder of such a license to practice ophthalmic dispensing; and (2) prohibits the holder of such a license from selling, furnishing or fitting contact lenses. (NRS 637.121) **Section 21** of this bill clarifies that, in order to be eligible for a limited license as a dispensing optician, a person must have held such a license since February 1, 2004. A person who held such a license on that date whose license expired at any time after that date is not eligible to hold a limited license as a dispensing optician. **Section 21** also removes certain requirements relating to a limited license as a dispensing optician, and ~~sections~~ **section 8** ~~and 9~~ of this bill instead ~~require~~ **requires** the Board to adopt regulations governing such a license. **Section 22** of this bill clarifies that a holder of a limited license as a dispensing optician may not supervise an apprentice dispensing optician in the performance of any service relating to dispensing contact lenses.

Section 20 of this bill revises the qualifications required for a license as a dispensing optician by: (1) removing certain requirements relating to the moral character of an applicant; (2) removing certain requirements relating to examinations, coursework and training and instead requiring an applicant to satisfy criteria prescribed by regulations adopted by the Board pursuant to **section 8**; and (3) revising the required amount of time an applicant must serve as an apprentice dispensing optician.

Existing law requires the Board to issue a special license as a dispensing optician to certain applicants who: (1) have an active license as a dispensing optician issued by the District of Columbia or any state or territory of the United States; or (2) have not less than 5 years of experience as a dispensing optician. (NRS 637.127) **Section 28** removes this type of license and instead **section 6** of this bill authorizes the Board to waive certain requirements for the issuance of a license as a dispensing optician if an applicant submits to the Board proof

that he or she: (1) ~~received an education in ophthalmic dispensing from~~ is a graduate of a foreign school and has acquired certain education and experience in ophthalmic dispensing; (2) holds an active license as a dispensing optician in the District of Columbia or any state or territory of the United States ~~whose requirements for licensure are at least equivalent to the requirements for licensure in this State;~~ or (3) has at least 5 years of work experience in the practice of ophthalmic dispensing ~~in the District of Columbia or any state or territory of the United States whose requirements for licensure are not at least equivalent to the requirements for licensure in this State.~~ Thus, section 6 makes an applicant who would have been eligible for a special license eligible for a waiver from certain requirements for licensure as a dispensing optician. If the Board grants such a waiver, the applicant will be licensed as a dispensing optician.

Existing law establishes maximum fees relating to licenses issued by the Board, which the Board sets by regulation. (NRS 637.110, 637.120, 637.121, 637.123, 637.140) Sections 21 and 28 remove such maximum fees from statute and section 9 of this bill instead requires the Board to ~~adopt by regulation reasonable~~ establish a schedule of fees and charges, each of which ~~are all~~ is subject to a maximum ~~of \$500,~~ amount established in section 9.

Section 23 of this bill makes certain nonsubstantive changes to provisions authorizing the Board to refuse to grant a license to an applicant or take disciplinary action against a licensee. Sections 10, 24, 25 and 28 of this bill reorganize provisions relating to investigations conducted by the Board. Sections 10 and 19 reorganize provisions relating to complaints and charging documents filed by the Board to initiate disciplinary action against a licensee. Section 27 of this bill makes a conforming change as a result of this reorganization.

Existing law establishes various penalties the Board may impose against a person who engages in certain activity without holding a license. (NRS 637.181, 637.183) Sections 25 and 26 of this bill: (1) authorize the Board to issue a citation to a person who engages in certain activities without holding a license; and (2) ~~increase the maximum administrative fine the Board may impose upon such persons who employ licensees from \$1,000 for the first violation and \$5,000 for the second violation to \$10,000 for each violation; and~~ (3) reorganize provisions relating to the unlicensed practice of ophthalmic dispensing.

Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the rights of a person in any written book or record which is copyrighted pursuant to federal law.

2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate, including, without limitation, electronically, the confidential information from the information included in the public book or record that is not otherwise confidential.

4. If requested, a governmental entity shall provide a copy of a public record in an electronic format by means of an electronic medium. Nothing in this subsection requires a governmental entity to provide a copy of a public record in an electronic format or by means of an electronic medium if:

(a) The public record:

(1) Was not created or prepared in an electronic format; and

(2) Is not available in an electronic format; or

(b) Providing the public record in an electronic format or by means of an electronic medium would:

(1) Give access to proprietary software; or

(2) Require the production of information that is confidential and that cannot be redacted, deleted, concealed or separated from information that is not otherwise confidential.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

(b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare the copy of the public record and shall not require the person who has requested the copy to prepare the copy himself or herself.

Sec. 28. NRS 637.010, 637.040, 637.041, 637.073, 637.075, 637.110, 637.115, 637.120, 637.123, 637.127, 637.135, 637.140, 637.155, 637.170 and 637.175 are hereby repealed.

Sec. 29. 1. This section becomes effective upon passage and approval.

2. Sections 1 to 28, inclusive, of this act become effective:
