Existing federal law authorizes a state to impose a fee or charge on a commercial mobile communication service or an IP-enabled voice service to fund the operations of a suicide prevention and mental health crisis hotline established pursuant to the National Suicide Prevention Lifeline program. Section 7.9 of this bill requires the Advisory Committee to submit to the Director of the Department a biennial report of recommendations concerning the allocation and distribution of money from the Fund. Section 9.7 of this bill requires each regional, local or tribal governmental entity that wishes to apply for a grant of money from the Fund to conduct a needs assessment and develop a plan for the expenditure of the money, and sections 9.8 and 9.9 of this bill prescribe requirements governing such a needs assessment and plan, respectively.
