AN ACT relating to education; revising provisions governing dual credit courses; requiring the board of trustees of a school district and the governing body of a charter school to submit a report regarding such courses to the Legislative Committee on Education and the Director of the Legislative Counsel Bureau; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes provisions relating to dual credit courses. (NRS 389.300, 389.310) Under existing law, the board of trustees of a school district or the governing body of a charter school must establish an application for enrollment in a dual credit course. A pupil enrolled in high school who wishes to enroll in a dual credit course must use this application. Such a pupil may only enroll in a dual credit course if his or her application is approved and he or she has completed the prerequisites for the course. (NRS 389.300) **Section 5** of this bill eliminates those requirements.

Existing law requires a school district or charter school to enter into a cooperative agreement with a community college, state college or university to offer dual credit courses to pupils enrolled in the school district or charter school. Existing law sets forth various requirements that must be included in the cooperative agreement. (NRS 389.310) **Section 1** of this bill removes provisions relating to cooperative agreements to offer dual credit courses and instead requires a school district or charter school to establish a program for dual credit. **Section 1**

also requires the board of trustees of each school district and the governing body of each charter school to biennially submit a report on its program for dual credit to the Director of the Legislative Counsel Bureau and the Legislative Committee on Education that includes, without limitation, certain information on the: (1) pupils enrolled in the program; (2) costs associated with the program; and (3) teachers employed by the school district or charter school who are involved in the program.

Section 2 of this bill requires the Legislative Committee on Education to hold a meeting on dual credit courses in the 2021-2022 interim.
