EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to state purchasing; prohibiting certain provisions in certain contracts; revising provisions relating to advertisements for certain bids or proposals; revising certain requirements relating to the purchase of prescription drugs, pharmaceutical services or medical supplies from an entity other than the Purchasing Division; revising the authority of the Clerk of the State Board of Examiners to approve certain contracts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The State Purchasing Act governs the purchasing of services, supplies, materials and equipment by agencies of the Executive Department of the State Government, with certain exceptions. (Chapter 333 of NRS) **Section 2** of this bill prohibits any contract entered into or renewed under the Act from: (1) requiring the filing of any action or the arbitration of any dispute that arises from the contract to be instituted or heard in another state or nation; or (2) requiring the State to indemnify another party against liability for damages.

With certain exceptions, existing law requires the Administrator to advertise for bids or proposals and prescribes the required contents of an advertisement. (NRS 333.310) **Section 4** of this bill removes an obsolete requirement relating to quotation forms in the contents of an advertisement. Existing law requires the Administrator to publish each advertisement in at least one newspaper of general circulation in this State and on the Internet website of the Purchasing Division. (NRS 333.310) **Section 4** removes the requirement that the Administrator publish an advertisement in a newspaper.

Existing law requires an agency that is subject to the State Purchasing Act to purchase prescription drugs, pharmaceutical services and medical supplies and related services through the Purchasing Division unless the agency can obtain the best value from an entity other than the Purchasing Division. Existing law requires an agency that purchases prescription drugs, pharmaceutical services or medical supplies and related services from an entity other than the Purchasing Division to report certain information relating to the purchase to the Purchasing Division. (NRS 333.435) **Section 6** of this bill instead requires such an agency to maintain a record of that information and provides that any such record is a public record.

With certain exceptions, existing law requires contracts for the services of an independent contractor to be approved by the State Board of Examiners before becoming effective. Existing law authorizes the State Board of Examiners to allow its Clerk, who is the Director of the Office of Finance in the Office of the Governor, or a designee to approve such contracts for amounts less than \$50,000. (NRS 333.700) **Section 7** of this bill increases the maximum amount of the contracts that the Clerk of the Board or designee may be authorized to approve from \$50,000 to \$100,000.

333.700 1. Except as otherwise provided in NRS 333.705, a using agency may contract for the services of a person as an independent contractor. Except as otherwise provided by specific statute, each such contract must be awarded pursuant to this chapter.

2. An independent contractor is a natural person, firm or corporation who agrees to perform services for a fixed price according to his, her or its own methods and without subjection to the supervision or control of the other contracting party, except as to the results of the work, and not as to the means by which the services are accomplished.

3. For the purposes of this section:

(a) Travel, subsistence and other personal expenses may be paid to an independent contractor, if provided for in the contract, in such amounts as provided for in the contract. Those expenses must not be paid pursuant to the provisions of NRS 281.160.

(b) There must be no:

(1) Withholding of income taxes by the State;

(2) Coverage for industrial insurance provided by the State;

(3) Participation in group insurance plans which may be available to employees of the State;

(4) Participation or contributions by either the independent contractor or the State to the Public Employees' Retirement System;

(5) Accumulation of vacation leave or sick leave; or

(6) Coverage for unemployment compensation provided by the State if the requirements of NRS 612.085 for independent contractors are met.

4. An independent contractor is not in the classified or unclassified service of the State and has none of the rights or privileges available to officers or employees of the State of Nevada.

5. If the contract is for services for which a license, certificate, registration, permit or other type of authorization is required by law, an independent contractor must hold the appropriate, current authorization that is required by law for the services.

6. Except as otherwise provided in this subsection, each contract for the services of an independent contractor must be in writing. The form of the contract must be first approved by the Attorney General, and except as otherwise provided in subsection 8,

an executed copy of each contract must be filed with the Fiscal Analysis Division of the Legislative Counsel Bureau and the Clerk of the State Board of Examiners. The State Board of Examiners may waive the requirements of this subsection in the case of contracts which are for amounts less than \$2,000.

7. Except as otherwise provided in subsection 8, and except for contracts entered into by the Nevada System of Higher Education, each proposed contract with an independent contractor must be submitted to the State Board of Examiners. The contracts do not become effective without the prior approval of the State Board of Examiners, except that the State Board of Examiners may authorize its Clerk or a designee to approve contracts which are:

(b) Entered into by the Nevada Gaming Control Board for the purposes of investigating an applicant for or holder of a gaming license.

8. Copies of the following types of contracts need not be filed or approved as provided in subsections 6 and 7:

(d) Contracts executed with business entities for any work of maintenance or repair of office machines and equipment.

9. The State Board of Examiners shall review each contract submitted for approval pursuant to subsection 7 to consider:

(a) Whether sufficient authority exists to expend the money required by the contract; and

(b) Whether the service which is the subject of the contract could be provided by a state agency in a more cost-effective manner.

➤ If the contract submitted for approval continues an existing contractual relationship, the State Board of Examiners shall ask each agency to ensure that the State is receiving the services that the contract purports to provide.

10. If the services of an independent contractor are contracted for to represent an agency of the State in any proceeding in any court, the contract must require that the independent contractor

1 identify in all pleadings the specific state agency which he or she is
2 representing.

3 11. Except as otherwise provided in this subsection, a contract
4 for the services of an independent contractor may be performed in
5 parts or phases. A contract for the services of an independent
6 contract must not be split into separate contracts for the purpose of
7 avoiding any requirements for competitive bidding.

8 12. The State Board of Examiners may adopt regulations to
9 carry out the provisions of this section.
