Legislative Counsel’s Digest:

- 1 Existing law defines “gaming employee” to mean, in general, a person directly
- 2 associated with certain gaming operations and provides that the term includes
- 3 certain specified persons such as dealers, shift or pit bosses and security personnel,
- 4 among others. (NRS 463.0157) **Section 7** of this bill eliminates this definition of
- 5 “gaming employee” and **section 3** of this bill instead requires the Nevada Gaming
- 6 Commission to define the term “gaming employee” by regulation.

Existing law: (1) prohibits a person from being employed as a gaming employee unless he or she is temporarily registered or registered as a gaming employee; and (2) sets forth the process by which a person may temporarily register or register as a gaming employee. (NRS 463.335) **Section 16** of this bill repeals such provisions and **section 2** of this bill instead: (1) prohibits a person from being employed as a gaming employee unless the person is registered as a gaming employee; and (2) sets forth a new process by which a person may register as a gaming employee. Under **section 2**, a person who wishes to register as a gaming employee is required to submit to the Nevada Gaming Control Board an application containing certain information and a fee in an amount determined by the Commission by regulation. If the application is approved in accordance with procedures and requirements established by the Commission by regulation, the Board is required to register the person as a gaming employee. **Section 3** requires the Commission to adopt various regulations concerning the registration and oversight of gaming employees.

Existing law requires the Board, after a hearing, to suspend the registration of any gaming employee who is an offender convicted of a crime against a child or a sex offender and who is not in compliance with certain requirements relating to the registration of such offenders. (Chapter 179D of NRS; NRS 463.335) **Section 16** repeals such provisions. **Section 3** instead requires the regulations adopted by the Commission governing the registration and oversight of gaming employees to include certain requirements and procedures for the imposition of appropriate disciplinary action against a gaming employee who is an offender convicted of a crime against a child or a sex offender and who fails to maintain compliance with requirements relating to the registration of such offenders. **Section 13** of this bill makes a conforming change to reflect the changes made in **sections 3 and 16** pertaining to the requirements for the registration of a gaming employee who is an offender convicted of a crime against a child or a sex offender.

Existing law sets forth certain requirements and procedures governing the suspension and revocation of the registration of a person as a gaming employee. (NRS 463.335, 463.3353, 463.336, 463.337) **Section 16** repeals such provisions and **section 3** instead requires the regulations of the Commission governing the registration and oversight of gaming employees to establish certain standards and procedures for the suspension or revocation of the registration of a gaming employee and for any other disciplinary action to be taken against a gaming employee.

Existing law prohibits, with certain exceptions, a person from manufacturing, selling or distributing any gaming device, cashless wagering system or interactive gaming system without procuring and maintaining all required licenses. (NRS 463.650) Existing law also sets forth various requirements and restrictions concerning the licensure and regulation of manufacturers of such devices and systems. (NRS 463.650-463.670, 463.750-463.770) Additionally, existing law requires the Commission to adopt regulations requiring the registration of persons who manufacture or distribute certain associated equipment. (NRS 463.665) **Section 4** of this bill authorizes the Commission to adopt regulations to: (1) provide for the issuance of a temporary registration as a manufacturer; and (2) enable a person who holds such a temporary registration to manufacture and deploy a gaming device, associated equipment, a cashless wagering system or an interactive gaming system without obtaining any license or other authorization otherwise required by the provisions of existing law governing gaming or complying with any other requirements imposed by those provisions of existing law, except as otherwise required by the Commission. **Section 4** sets forth various requirements concerning the content of the regulations governing a temporary registration as a manufacturer, if the Commission chooses to adopt such regulations.

Section 5 of this bill authorizes the Commission to adopt regulations requiring an applicant or licensee who is late or deficient in making any filing required by the provisions of existing law governing gaming to pay, in addition to any fees and costs associated with the filing, an assessment in an amount determined by the Commission.

Existing law defines the term “information service” as a person who sells and provides information to a licensed sports pool used primarily to aid the placing of wagers on any kind of event. (NRS 463.01642) **Section 8** of this bill revises the definition of the term to: (1) include the sale and provision of information to a licensed race book; and (2) provide that the sale and provision of information can be direct or indirect. Existing law also defines the term “global risk management” and requires the Commission to adopt regulations for global risk management. (NRS 463.810, 463.820) **Section 16** repeals such provisions, and **section 8** adds certain activities included in the definition of “global risk management” to the definition of “information service.” **Sections 11 and 12** of this bill make conforming changes by removing the references to global risk management in the Nevada Revised Statutes.

With certain exceptions, existing law prohibits a person from engaging in certain gaming activities, including operating a race book or sports pool, without procuring and maintaining all required gaming licenses or registrations. (NRS 463.160) **Section 9** of this bill provides that certain additional activities are included in the operation of a race book or sports pool.

Existing law: (1) prohibits, in general, a gaming licensee from offering a game or gambling game for play if the game or gambling game has not received a recommendation from the Board or an approval from the Commission; and (2) requires the Commission to adopt regulations governing the approval of games or gambling games. (NRS 463.164) **Section 10** of this bill instead prohibits a gaming licensee from offering a game or gambling game for play if the game or gambling game has not been administratively approved by the Board in accordance with regulations adopted by the Commission governing such administrative approval. **Section 6** of this bill makes a conforming change to refer to a game or gambling game being administratively approved by the Board.

Section 14 of this bill makes a conforming change to reflect that certain information relating to the registration of gaming employees is confidential pursuant to **section 2**.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.
