School District: **Carson City School District**

Comment: Carson City School District estimates there will be a fiscal impact from this proposed legislation. We include costs for additional labor/extra time to organize and publish learning materials on each schools' website. We note costs may be higher than our current estimate depending on the scope and depth of harvesting and cataloging videos, digital materials, and websites.

Approved by: Paul Johnson, Chief Financial Officer

Comment: Section 1 of this bill requires the board of trustees to provide each principal of a school within the district with a complete budget for the school to which they are assigned. This has been a practice for over two decades so this section should not have a fiscal impact. All school administrators have access to our accounting and information systems and can generate reports as they see fit. Section 2 of this bill requires a public school with more than 500 pupils to list on its website certain information relating to the instructional materials that were used during the immediately preceding school year. This information is currently available and can be posted on district and school sites with little fiscal consequence.

Impact	FY 2022-23	FY 2023-24	FY 2024-25	Future Biennia
No Impact	$0	$0	$0	$0
