School District: **Carson City School District**
Approved by: Spencer Winward, Director of Fiscal Services
Comment: Carson City School District cannot determine the fiscal impact of this proposed legislation. Certainly, the creation of the Office of Inspector General with duties to audit School Districts would create the need for more work for district staff that may result in extra/over time or addition of full time employees. We cannot determine this until the scope of audit and related work required by the Office of the Inspector General is determined.
