Items of Revenue or Expense, or Both	Fiscal Year 2022-23	Fiscal Year 2023-24	Fiscal Year 2024-25	Effect on Future Biennia
Total	0	0	0	0

Explanation (Use Additional Sheets of Attachments, if required)

BDR 43-165 revises provisions relating to medical designations authorized to be placed on a driver license credential issued by the DMV. A person may request a designation for awareness indicating the driver license holder is a person who is deaf or hard of hearing. This bill would become effective upon passage and approval for the administrative preparatory tasks and January 1, 2024 for all other purposes.

The Department has reviewed this bill and determined there will be no impact as currently written. The DMV system already has the deaf or hard of hearing medical code capability and the procedures in place for placing this code on a driver license. This bill's provisions would be incorporated into that existing process. Form updates will be needed to allow the customer to select this designation to placed on the driver license. These required changes can be combined with standard ordering protocols.
