Explanation (Use Additional Sheets of Attachments, if required)

In order to comply with this legislation, the Administrative Office of the Courts will need to update the Multi-County Integrated Justice Information System for the related DMV convictions that would result, as well as update the Court's data repository exchange to accommodate these new crimes. Cost estimates are based on the Court's prior experience with such modifications. It is unknown whether there would be any material caseload increase to the appellate courts as a result of the restrictions contemplated in this legislation.
