AN ACT relating to motor vehicles; revising provisions governing the requirements for the issuance by the Department of Motor Vehicles of a special license plate or special or temporary parking placard or parking sticker; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a person from parking a vehicle in a parking space designated for persons who are handicapped unless the person is eligible to do so and the vehicle displays a special license plate or special or temporary parking placard or parking sticker inscribed with the international symbol of access. (NRS 484B.467) Existing law authorizes the Department of Motor Vehicles to issue such a special license plate or special or temporary parking placard or parking sticker to an applicant upon submission of an application that includes a statement from a licensed physician, physician assistant or advanced practice registered nurse certifying that the applicant is a person with a disability. (NRS 482.384) **Sections 1-4** of this bill additionally authorize an occupational therapist or physical therapist to certify that the applicant is a person with a disability for purposes of an application for a special license plate or special or temporary parking placard or parking sticker. **Section 4** authorizes the statement or certificate certifying that an applicant is a person with a disability to be completed by an agent or employee of a licensed physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist at the direction and under the supervision of such a medical practitioner.

Sec. 4. NRS 482.384 is hereby amended to read as follows:

482.384 1. 2. Every year after the initial issuance of special license plates to a person with a permanent disability, the Department shall require the person to renew the special license plates in accordance with the procedures for renewal of registration pursuant to this chapter. The Department shall not require a person with a permanent disability to include with the application for renewal a statement from a licensed physician, physician assistant ***,*** ~~[or]~~ advanced practice registered nurse ***, occupational therapist or physical therapist*** certifying that the person is a person with a permanent disability or a certificate from the United States Department of Veterans Affairs or the United States Department of Defense which indicates the applicant has incurred a qualifying service-connected disability, as that term is defined in subsection 1 or 2 of NRS 482.0962, as applicable.

3. The application must include a statement from the organization certifying that:

(a) The vehicle for which the special license plates are issued is used primarily to transport persons with permanent disabilities, disabilities of moderate duration or temporary disabilities; or

(b) The organization which is issued the special parking placards will only use such placards on vehicles that actually transport persons with permanent disabilities, disabilities of moderate duration or temporary disabilities.

4. The Department may charge a fee for special license plates issued pursuant to this section not to exceed the fee charged for the issuance of license plates for the same class of vehicle.

5. Special license plates issued pursuant to this section must display the international symbol of access in a color which contrasts with the background and is the same size as the numerals and letters on the plate.

7. A special parking placard issued pursuant to subsection 6 must:

(a) Have inscribed on it the international symbol of access which is at least 3 inches in height, is centered on the placard and is white on a blue background;

8. A special parking sticker issued pursuant to subsection 6 must:

(a) Have inscribed on it the international symbol of access which complies with any applicable federal standards, is centered on the sticker and is white on a blue background;

(b) Have an identification number and a date of expiration of:

(1) If the special parking sticker is issued to a person with a permanent disability, 10 years after the initial date of issuance; or

(2) If the special parking sticker is issued to a person with a disability of moderate duration, 2 years after the initial date of issuance; and

(c) Have placed or inscribed on it the seal or other identification of the Department.

9. Before the date of expiration of a special parking placard or special parking sticker issued to a person with a permanent disability or disability of moderate duration, the person shall renew the special parking placard or special parking sticker. If the

10. The Department, or a city or county, may issue, and charge a reasonable fee for, a temporary parking placard for a vehicle other than a motorcycle or moped or a temporary parking sticker for a motorcycle or moped upon the application of a person with a temporary disability. 13. A temporary parking placard or temporary parking sticker is valid only for the period for which a physician, physician assistant **,** ~~[or]~~ advanced practice registered nurse **,** ***occupational therapist or physical therapist*** has certified the disability, but in no case longer than 6 months. If the temporary disability continues after the period for which the physician, physician assistant **,** ~~[or]~~ advanced practice registered nurse **,** ***occupational therapist or physical therapist*** has certified the disability, the person with the temporary disability must renew the temporary parking placard or temporary parking sticker

before the temporary parking placard or temporary parking sticker expires. The person with the temporary disability shall include with the application for renewal a statement from a licensed physician, physician assistant **, ~~[or]~~** advanced practice registered nurse ***, occupational therapist or physical therapist*** certifying that the applicant continues to be a person with a temporary disability and the estimated period of the disability.

16. A special or temporary parking sticker must be affixed to the windscreen of the motorcycle or moped. If the motorcycle or moped has no windscreen, the sticker must be affixed to any other part of the motorcycle or moped which may be easily seen when the motorcycle or moped is parked.

17. Special or temporary parking placards, special or temporary parking stickers, or special license plates issued pursuant to this section do not authorize parking in any area on a highway where parking is prohibited by law.

18. No person, other than the person certified as being a person with a permanent disability, disability of moderate duration or temporary disability, or a person actually transporting such a person, may use the special license plate or plates or a special or temporary parking placard, or a special or temporary parking sticker issued
