Currently, the Reno Police Department contracts phlebotomy services for the Multidisciplinary Accident Investigation Team (MAIT). However, this falls outside the scope of RPD’s responsibilities when the investigation involves a fatality.

City/County: **Washoe County**
Approved by: Cadence Matijevich, Government Affairs Liaison
Comment: Washoe County cannot determine the fiscal impact of implementing a mandatory blood test of deceased crash victims for prohibited substances. The cost of the blood test will depend on which drugs are part of the prohibited substance list as certain prohibited substances require a more expensive panel to test for. Additionally, the number of such test that would be required to be performed annually is unknown.
