Items of Revenue or Expense, or Both	Fiscal Year 2024-25	Fiscal Year 2025-26	Fiscal Year 2026-27	Effect on Future Biennia
Total	0	0	0	0

Explanation (Use Additional Sheets of Attachments, if required)

BDR 43-1058 relates to military and vehicle registrations; among the key provisions the BDR directs the Department to design, prepare, and issue a new special plate indicating support for the U.S. Space Force, the 6th military service branch, in a manner similar to existing special plates for the Army, Navy, Air Force, Marines and Coast Guard. This new plate is to be administered in the same manner and fees charged as all other existing military special plates. These plates are also eligible for personalization along with payment of all required fees The BDR becomes effective on October 1, 2025.

The Department has reviewed this bill and estimated that the impact cannot be determined as currently written. DMV is currently engaged in its “transformation effort” (DTE), to revise business processes, reorganize and move systems to a cloud solution. This will greatly improve DMV services and allow more customer transactions online. DTE is focused on vehicle products and services through FY26/27. The proposed effective date of the BDR will require programing, testing and implementation in the legacy system and DTE, estimated to be approximately 198 hours. DMV will utilize in-house programming staff to make these changes in the legacy system while contracted staff incorporate the DTE changes.

Name Bethany Musselman

Title ASD Administrator

GOVERNOR'S OFFICE OF FINANCE COMMENTS

Date Tuesday, March 18, 2025

The agency's response appears reasonable.

Name Tiffany Greenameyer

Title Director, Governor's Finance Office
