AN ACT relating to public safety; providing the Department of Motor Vehicles discretion to deny requests for the redesign of special license plates; requiring funds generated from the issuance of certain special license plates be used for services in this State; revising the date by which certain annual reports on the use of funds from special license plates are required to be submitted; revising the information that is required to be included in certain authorization letters pertaining to certain special license plates, parking placards and parking stickers; requiring the Department to include on a driver's license, commercial driver's license, driver authorization card or identification card certain information for an emergency contact person under certain circumstances; repealing provisions requiring the establishment of the Next-of-Kin Registry; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Department of Motor Vehicles to issue various special license plates associated with military or public service, membership in or affiliation with certain groups, recognition of or support for certain charitable causes and certain classes and types of vehicles. (NRS 482.3672-482.3823)

Section 1 of this bill provides discretion for the Department and the Director of the Department to deny the request of any person or governmental entity for the redesign of a special license plate.

Existing law authorizes any person to request that the Department design, prepare and issue a special license plate that is intended to generate financial support for an organization, if the organization: (1) is not a governmental entity and is established as a nonprofit charitable organization which provides services to the community relating to public health, education or general welfare; or (2) is a governmental entity and uses the financial support generated by the special license plate for charitable purposes relating to public health, education or general welfare. (NRS 482.367002) **Section 3** of this bill requires that such financial support generated from the special license plate be used for services within the State of Nevada.

Existing law requires certain charitable organizations that receive money from the imposition of additional fees in connection with the issuance of a special license plate to annually prepare and file a balance sheet with the Legislative Auditor. (NRS 482.38277) Existing law requires the Legislative Auditor to annually prepare and submit to the Department and to the Legislature a final report with respect to the charitable organizations that have filed a balance sheet with the Legislative Auditor for the immediately preceding year. (NRS 482.38278) **Section 4** of this bill extends from September 30 to October 31 of each year the date on which the Legislative Auditor is required to submit such report to the Department and the Legislature.

Existing law authorizes the Department to issue special license plates, a special or temporary parking placard or a special or temporary parking sticker to a person with a permanent disability, disability of moderate duration or temporary disability, which authorizes a vehicle displaying such a special license plate or special or temporary parking placard or sticker to, under certain circumstances, park in parking spaces designed for persons who are handicapped, as well as in certain other restricted parking spaces. (NRS 482.384, 484B.463, 484B.467) A city or county may also issue such a temporary parking placard or sticker. (NRS 482.384) Existing law requires the Department or a city or county, as applicable, upon the issuance of such a special license plate or special or temporary parking placard or sticker to issue the applicant an authorization letter that contains the name of the applicant and certain other information, including a photograph of the applicant who is the person with a disability. (NRS 482.384) **Section 5** of this bill eliminates the requirement that such an authorization letter include a photograph of the applicant, and instead requires that such an authorization letter include the driver's license number, identification card number or driver authorization card number, if any, of the applicant. **Sections 9 and 10** of this bill eliminate a requirement that a police officer or volunteer who is authorized to request the production of such an authorization letter under certain circumstances be able to view the photograph on the authorization letter, and instead requires that the police officer or volunteer be able to examine the driver's license number, identification card number or driver authorization card number, if any, included on the authorization letter. (NRS 484B.463, 484B.467) **Section 12** of this bill makes provisions for the examination of authorization letters effective on July 1, 2027.

Existing law requires the Department to establish on its Internet website a registry to allow persons to submit emergency contact information that may be accessed by law enforcement personnel, coroners and medical examiners to identify next-of-kin which is known as the Next-of-Kin Registry. (NRS 483.651) **Section 14** of this bill repeals provisions requiring the establishment of the Next-of-Kin Registry, and **sections 2 and 11** of this bill make conforming changes to eliminate references to the provisions repealed by **section 14**.

Instead, **sections 6-8** of this bill provide for the Department to include the name and telephone number of an emergency contact person designated by an applicant on a driver's license, driver authorization card, identification card or commercial driver's license.

2. Every year after the initial issuance of special license plates to a person with a permanent disability, the Department shall require the person to renew the special license plates in accordance with the procedures for renewal of registration pursuant to this chapter. The Department shall not require a person with a permanent disability to include with the application for renewal a statement from a licensed physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist certifying that the person is a person with a permanent disability or a certificate from the United States Department of Veterans Affairs or the United States Department of Defense which indicates the applicant has incurred a qualifying service-connected disability, as that term is defined in subsection 1 or 2 of NRS 482.0962, as applicable.

(1) If the special parking sticker is issued to a person with a permanent disability, 10 years after the initial date of issuance; or

(2) If the special parking sticker is issued to a person with a disability of moderate duration, 2 years after the initial date of issuance; and

(c) Have placed or inscribed on it the seal or other identification of the Department.

9. Before the date of expiration of a special parking placard or special parking sticker issued to a person with a permanent disability or disability of moderate duration, the person shall renew the special parking placard or special parking sticker. If the applicant for renewal is a person with a disability of moderate duration, the applicant must include with the application for renewal a statement from a licensed physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist certifying that the applicant is a person with a disability which limits or impairs the ability to walk, and that such disability, although not irreversible, is estimated to last longer than 6 months. A person with a permanent disability is not required to submit evidence of a continuing disability with the application for renewal.

10. The Department, or a city or county, may issue, and charge a reasonable fee for, a temporary parking placard for a vehicle other than a motorcycle or moped or a temporary parking sticker for a motorcycle or moped upon the application of a person with a temporary disability. 13. A temporary parking placard or temporary parking sticker is valid only for the period for which a physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist has certified the disability, but in no case longer than 6 months. If the temporary disability continues after the period for which the physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist has certified the disability, the person with the temporary disability must renew the temporary parking placard or temporary parking sticker before the temporary parking placard or temporary parking sticker expires. The person with the temporary disability shall include with the application for renewal a statement from a licensed physician, physician assistant, advanced practice registered nurse, occupational therapist or physical therapist certifying that the applicant continues to be a person with a temporary disability and the estimated period of the disability.

14. A special or temporary parking placard must be displayed in the vehicle when the vehicle is parked by hanging or attaching the placard to the rearview mirror of the vehicle. If the vehicle has no rearview mirror, the placard must be placed on the dashboard of the vehicle in such a manner that the placard can easily be seen from outside the vehicle when the vehicle is parked.

15. Upon issuing a special license plate pursuant to subsection 1, a special or temporary parking placard, or a special or temporary parking sticker, the Department, or the city or county, if applicable, shall issue an authorization letter to the applicant that includes ~~[the photograph of the applicant which appears on]~~ the driver's license ~~[or]~~ ***number,*** identification card ~~[, if any,]~~ ***number or driver authorization card number, if any,*** of the applicant who is the person with a disability, and sets forth the name and address of the person with a permanent disability, disability of moderate duration or temporary disability to whom the special license plate, special or temporary parking placard or special or temporary parking sticker has been issued and:

➥ The authorization letter, or a legible copy thereof, must be kept with the vehicle for which the special license plate has been issued or in which the person to whom the special or temporary parking placard or special or temporary parking sticker has been issued is driving or is a passenger.

16. A special or temporary parking sticker must be affixed to the windscreen of the motorcycle or moped. If the motorcycle or moped has no windscreen, the sticker must be affixed to any other part of the motorcycle or moped which may be easily seen when the motorcycle or moped is parked.

17. Special or temporary parking placards, special or temporary parking stickers, or special license plates issued pursuant to this section do not authorize parking in any area on a highway where parking is prohibited by law.

18. No person, other than the person certified as being a person with a permanent disability, disability of moderate duration or temporary disability, or a person actually transporting such a person, may use the special license plate or plates or a special or temporary parking placard, or a special or temporary parking sticker issued pursuant to this section to obtain any special parking privileges available pursuant to this section.

19. Any person who violates the provisions of subsection 18 is guilty of a misdemeanor.

20. The Department may review the eligibility of each holder of a special parking placard, a special parking sticker or special license plates, or any combination thereof. Upon a determination of ineligibility by the Department, the holder shall surrender the special parking placard, special parking sticker or special license plates, or any combination thereof, to the Department.
